PENNARD HOUSE

Somerset

Welcome

Within our Grade II listed manor house, there are 13 bedrooms, providing both double and twin accommodation with ensuite, or shared bathrooms.

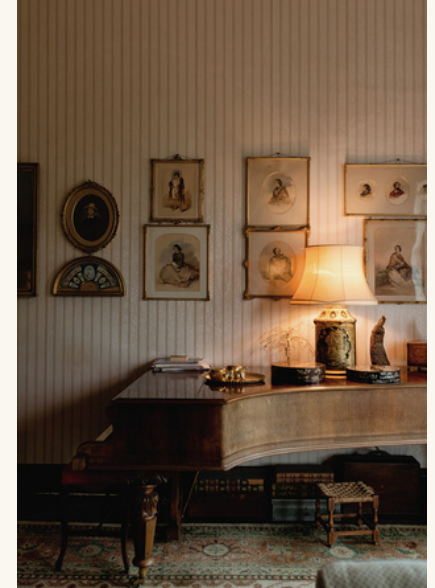

On the ground floor, you'll find a library, cosy drawing rooms, and the dining room – all yours for your stay.

Our house is your home away from home, and we invite you to use it as though it were your very own.

The House

Part of the Dearden family since it was built in the 17th century. The estate has been passed down through generations. An incredibly special and utterly cherished family home, where every guest is a friend, and all friends feel like family.

The Orchard Suite is complimentary on the night of the wedding, and other accommodation can be booked on a B&B basis for your guests. We always ask our couples to allocate the rooms in the house, to make sure you have your bridesmaids, groomsmen or nearest and dearest with you.
